

10/28/02

I have had the pleasure recently to work with the South Florida Business Association. Al Jabaly was a wonderful man to deal with during the completion of my hotel map. He finished the project on time and the finished project was better than I imagined. I would recommend this project to anyone. This was a great way to advertise the hotel and the local business owners in a new way. Again, I cannot stress enough how professional and friendly Al Jabaly was and would not hesitate for him to represent my hotel, ever. Thank you, South Florida Business Association!

Sincerely,
